Comments Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:
- Design
- Loss of General Amenity
- Privacy Light and Noise

Comments: We would like to object to the planning application at the above address.
The roof is actually projecting over our boundary this would have adverse effect on residential (visual) amenity.
The extension also project some 2m in front of the front elevation of our house, there will be an application for a two storey extension on our house and we are unhappy about the overbearing nature of 85's proposed extension with regards to daylight and outlook.
It states in Adur councils development management standard that extensions set back 1m from the boundary.
The extension is out of scale with existing building and spoils proportions.
