Subject: National Highways response NH-24-07305: AWDM-0951-24 Merriman Grange, 102 Warren Road, Worthing

For the attention of: Stephen Cantwell

Planning Application No: AWDM/0951/24

Site: Merriman Grange, 102 Warren Road, Worthing, West Sussex

Proposal: Approval of Details Reserved by Condition 8 (accesses - including bridleway) of AWDM/1157/21

National Highways Ref: NH/24/07305

Dear Mr Cantwell

Thank you for your email of 29 July 2024 consulting National Highways on the application referenced above and requesting a response by 19 Aug 2024.

National Highways has been appointed by the Secretary of State for Transport as strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the strategic road network (SRN). The SRN is a critical national asset and as such National Highways works to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity. We will therefore be concerned with proposals and policies that have the potential to impact the safe and efficient operation of the SRN, in the case of this proposal, particularly the A27 trunk road.

We note that this site is also known as 106 To 108 Warren Road. National Highways' interest in the details reserved by Condition 8 of AWDM/1157/21 relates to the two accesses onto the A27 trunk road and associated A27 highway works including provision of a pedestrian refuge. Details relating to the bridleway are the remit of West Sussex County Council as Local Highway Authority.

National Highways has given Technical Approval to the A27 related aspects of the scheme. I can confirm that the following RGP drawing numbers, submitted in support of this current application, are included in that approval.

22044-CIV-100 C01 – Location Plan
22044-CIV-101 C01 – General Arrangement
22044-CIV-102 C01 – Surfacing & Kerbing
22044-CIV-106 C01 – Vehicle Swept Path Analysis
22044-CIV-110 C01 – Construction Details Sheet 1
22044-CIV-111 C01 – Construction Details Sheet 2

I am unable to find 22044-CIV-500-C02 – Drainage Layout in the Technical Approval files, however, drainage works have been agreed and carried out.

Accordingly, we have no comments on the details submitted in relation to Condition 8 of AWDM/1157/21. West Sussex County Council should be consulted on the details relating to the bridleway.

If you have any queries regarding this response, please contact us at PlanningSE@nationalhighways.co.uk

Kind regards

Elizabeth Cleaver (she/her/hers) Assistant Spatial Planner
