SCHEDULE

Reasons for Granting Permission

Conditions

01. The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: *To comply with Section 91 of the Town and Country Planning Act 1990.*

02. The external materials and finishes of the development hereby permitted shall, prior to commencement of use of the additional floorspace thereby created, be completed to match in design, colour and texture those of the existing building unless otherwise approved in writing by the Local Planning Authority.

Reason: *In the interests of visual amenity and to comply with saved policy AH7 of the Adur District Local Plan.*

03. The development hereby permitted shall be carried out in accordance with the following approved plans:-

Drawing no. 742/01 Rev A - received 26th October 2015

Reason: *For avoidance of doubt and in the interests of proper planning.*
04. Prior to commencement of its use the proposed roof terrace shall be provided with obscure glazed side screens as shown on the approved plans. Thereafter the obscure glazed side screens shall be retained permanently.

Reason: *To prevent overlooking and to comply with policy AH7 of the Adur District Local Plan.*

Informatives / Notes to Applicant
01. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.
02. Precautionary land contamination

This site is situated on or adjacent to a site which has been identified through Adur and Worthing Councils' Contaminated Land Inspection Strategy as having the potential to be contaminated. If during development, any visibly contaminated or odorous material, (for example asbestos, stained soil, petrol/diesel/solvent odour, underground tanks/vessels or associated pipework) is found to be present at the site, it is the responsibility of the owner and developer to establish the extent of any potentially harmful material on this site. It is advised that no further development shall be carried out until it has been investigated. It is

recommended that the Local Authority's Environmental Health Department is contacted for further advice.

03. The developer should be aware that pulverised fuel ash (PFA) has been identified on Shoreham Beach. This is a potentially contaminative material, which can present as grey and ashy in nature or as small, black, coal-like deposits. It is the responsibility of the owner and developer to establish the extent of such material on the site and to carry out appropriate remediation where necessary.
