To whom it may concern

I am writing to object the planning application for building on the land between the gardens of Southview Road and Underdown Rd.

I own a garage in the row of garages between nos 43 and 45 Southview Road. I use the garage for storage and a car. Today 3rd March 2026 I went to take the car out and once again it is flooded. Please see pictures attached. Having lived in Southwick for many years I am very aware of the inconvenience of the flooding from the Ladywell Stream. I also think that since the building of properties of Somerly Gardens at the top of Southview Road, the flooding has worsened.

I am very concerned that more housing on this area is likely to make this situation worse. I have objected to this building in the past and continue to object now.

Regards

Jenny Lamper
