Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Privacy Light and Noise
Comments:	As this house is situated party behind our property we are surprised that we were not given any official notice of this requested conversion. We believe that the proposed new featured triangular window to the rear East of the property is far too big, especially as it is in the high roof area of the property. It overlooks our garden and would lead to a loss of privacy. The design of the window is also certainly not in keeping with the style of the 1930's properties in the area. On these grounds we are opposed to the present conversion.
