Comments Details

Comments:	Dear Peter, Thank you for the opportunity to comment upon this discharge of conditions application. We have the following comments regarding condition 6- surface water drainage. As a result of ground conditions it is not suitable to use infiltration here. We are currently in discussions with the applicant, and revised details have been provided, but have not yet been put on the planning system. At this time we do not recommend discharge of condition 6. Kind regards, Laura Gibbons

Kind regards
