## Customer Details

| | |
|---|---|
| **Name:** | Mr Barry Candy |
| **Email:** | [redacted] |
| **Address:** | 40 Oldfield Crescent, Southwick, Brighton, West Sussex BN42 4FZ |

## Comments Details

| | |
|---|---|
| **Commenter Type:** | Neighbour |
| **Stance:** | Customer made comments neither objecting to or supporting the Planning Application |
| **Reasons for comment:** | - Loss of General Amenity<br>- Privacy Light and Noise<br>- Trees and Landscaping |
| **Comments:** | Could the fencing proposal be amended very slightly please to lessen the impact on our property boundary. The ball retention fence on the east side of the netball pitch will visually intrude approximately 2 metres along our fence line. This will present an unbalanced boundary fence view for us / untidy view. This can be easily be solved by terminating the high ball fence to be coexistent with the garden boundary between number 40/38 Oldfield Crescent. I am unable to scale from the drawing but my estimate is that it would reduce the fence length buy just 2 metres. We also request that the ball fence (we will still be able to see it even if it stops at our boundary) is plastic coated coloured black or dark green rather than a galvanised finish. |
