Dear Ms Morin,

Ref ; App No WB/09/0890/FUL
74 Upton Road Worthing.

Further to my visit to the planning office earlier last week, I would like to register my objection to the above planning application on 3 counts.

1. Loss of light. If this proposal goes ahead my view from my kitchen window would be impaired through loss of light.
What little view I currently have of greenery and sky would be completely obliterated by bricks and mortar.

2. Loss of building line. Currently the building line of the terrace in Lincett Ave is directly in line of that in Upton Rd, if the proposal goes ahead this would deviate from that line.

3. Hard Standing. The proposed hard standing for a car would restrict my view to the side of my lounge window if anything larger than a standard car were to park there,eg a caravan or van. Also any further proposal for a garage would impact on my loss of light.

I hope you take these comments into account when considering this planning application and I await on your decision.

Yours faithfully,

[redacted]
