Re: AWDM/0761/23

Dear Sirs,

With reference to the above application for tree work, may I bring to your attention the fact that there are more trees nearby that also require reducing in height and spread.

They are T13, T14, T15 and T16 as shown in the block plan.

These trees are far too tall and have a huge overhang therefore reducing light into the adjacent property Wentworth Court.
They and their roots are also close to the footings of the property which is quite concerning.

My interest is that I am the owner of one of the flats in Wentworth Court.

Yours sincerely,

[redacted]

Mr T Bishop
