Lancing, BE15 0BE,
West Sussex.

RE:- Listed Building Application, AWDM/1017/18.

Dear Sir or Madam,
With reference to the above application, I would like to make the following comments.

1) **One wall of the original building had collapsed, the other 3 were close to following, and the roof had been replaced at sometime in the past with one that was totally out of keeping, with the age of the building.**
2) **The rebuild has restored the building to the look it had when new, including the appropriate roof, and it now blends in with the rest of the out buildings in the curtilage, including my annexe.**
   I can only add that in my opinion this rebuild has enhanced the look of the property in general, and is totally in keeping with the period of the property.

Yours Sincerely,

[redacted]

K.H.Bennett.(Mr.).
