Subject: RE: AWDM/0395/25 Solar panels planning application
To: Louise Prew <louise.prew@adur-worthing.gov.uk>

Hi Lousie,

As requested.

GSK Worthing site would like to install a 700KW Solar PV installation to help the company meet its sustainability goals and reduce the sites carbon footprint. The energy generated from the array will be self-consumed and used onsite. There shall be no energy exported form the site.

Kind Regards,

Gerald Devine
