Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Other - Trees and Landscaping
Comments:	The area behind the houses is full of vine weed which chokes the trees. It needs clearing and dealing with with weedkiller and then re-planting where necessary. Trees have died and so there is now not the screening that was supposed to be there. The 2 access places that were put in to allow residents to be able to maintain the area are inpassable due to overgrowth and reduced width. I have tried to get round there myself and can not do it. I am now left unable to get to the land without having to resort to having a gate installed. The land directly behind my house forms part of my tittle deeds and yet I can not access it. I would like to see the area cleared properly, re-planted, the 2 access points re-instated so they can be used. If not then I think that the land should be handed over fully to residents and we should be able to put in an access point and if necessary move our fences to incorporate the land.
