Comments

Submission Type:
Customer objects to the Planning Application.

Comments:
We own the adjoining property and disaprove of this application as we are a family house and the noise level of seven flats attached to us will cause upset, as well as the proposed rear extension overlooking our property and garden and potential devaluing our family home!!! We are extremely concerned about this proposal, parking

is already an issue in this area as well as noise levels late at night, and more separate dwellings can only add to this issue.
