

Dear Planning Dept.

I am writing with my concerns about the demolition and construction opposite my property at the back of my flat in Marine Parade.

I have mobility issues and the alleyway at the back of Bedford row is my only access. I'm concerned that if a huge building is erected at the back of No 9, I am going to lose all my light.

I am situated at the back of the yoga building, and because I live in a very damp flat and rely on the light and sunlight to dry my flat out.

The demolition is so close which is going to cause so much noise and it's causing me a lot of stress and anxiety, just thinking about it.

Please can someone inform me as to what will be behind No 9.. Bedford row, behind the yoga building, In Marine place, as my flat is so dark as it is.

I really don't want to lose the only light into my flat because of damp issues and darkness.

All the basement flats along the alleyway only have access at the rear.

I also have a small yard garden, and I don't want to be overlooked, is this going to happen?... my privacy is important.

Please can anyone inform me in your department and help me get some answers.

Yours

Samantha Thomson.

Basement flat No 9, Bedford row.
