Proposed 2no Two-storey two bedroom houses East of existing house
69 Highdown Southwick West Sussex

Reasons for objecting.
The proposed development will add to the on going problems of parking in an already congested area. We have cars, vans, delivery lorries already using the Close to gain access to the garages, allotments, stables, and grass cutting machines behind the development. The access to these places is very often blocked with cars from people and dog walkers which can cause a lot of problems. Also there is a tree belt behind the development which is good for the environment.
We already have difficulties in driving out of the Close as Highdown is completely congested with cars and trucks being parked right up to corners which obstructs the 7view to see on coming traffic.
We feel that the development will add further problems to the area with adding further cars will add to the danger to access and exiting to the Close and residents of Highdown.

Mr SR Strachan
Mrs PT Strachan
1 Highdown Close
Southwick
Sussex
BN42 4QW.
