EXECUTIVE DEPARTMENT

Dear Sirs,

Re: ADC/0010/11 – 72 High Street, Shoreham.

On behalf of this Association's membership, we wish to submit our objection to the aforementioned application being granted.

Historically, local residents have complained that these premises have repeatedly ignored the conditions applied to these premises, which we are given to understand, has resulted in enforcement notices being issued.

As a consequence, neighbouring residents are disturbed by the noise emanating from the crowd of people who gather around the above premises, usually after the public houses have closed which is unacceptable & is causing considerable distress.

We trust the members of the Planning Committee will consider our objection. & refuse this application.

Yours faithfully,
