My husband and I do not agree with building "house-wise" on top of the bungalow in Beachside Close. The garden is enormous and there is space for an extra room.

There is contact with No 11 Alinora Crescent, but this through pathway can continue.

Beachside Cl. loses its character with house-building. No 11 Alinora have let their trees grow up to avoid seeing a house roof.

We have lived in present house over 50 years.

Yours faithfully.
