This application has been dealt with in accordance with the Development Control Scheme protocol for small scale proposals.

I refer to your consultation in respect of the above planning application and would provide the following comments.

The LHA do not foresee any detrimental effects to highways safety as a result of this proposal.

Conclusion
The LHA does not consider that this proposal would have an unacceptable impact on highway safety or result in 'severe' cumulative impacts on the operation of the highway network, therefore is not contrary to the National Planning Policy Framework (paragraph 111), and that there are no transport grounds to resist the proposal.
