Hello,

Sean Smith [redacted] has sent you an enquiry from the Adur & Worthing Councils website. The page they sent the message from was:

http://www.adur-worthing.gov.uk/planning/applications/comment/

Account / Reference number (if supplied):
Postal address (if supplied):
Contact telephone (if supplied):

Their enquiry was:

Dear Sir/Madam
I am writting to enquire about the development at Eastbrook Allotments, Old Shoreham Road, Southwick. I have seen that all the existing vegetation has been removed, presumably prior to development. I could only find reference to the site here;
https://www.adur-worthing.gov.uk/media/media,137717,en.pdf

From this I can see, there was recommendation for relevent surveys (4.16). This typically means reptile, ecological assessment etc. Please can you confirm that these were carried out in accordance to regulations?

I was surprised to see removal of vegetation during bird nesting and reptile emergence periods and I can not see any examples of mititgation, conserving or enhancing of wildlife?

Please can you provide evidence of the provision of relevent surveys by the developer?

Yours Sincerely

Sean Smith

Please reply to this email.

Thank you.
