| **Comments:** | I would like to add this to my previous comments. Looking through the history of the planning applications made there is one that has been permitted on 20 November 2011. This is for the property to remain a family home, extension of the out buildings and build into the loft. There were no objections made to this and the planning was permitted why hasn't the building for this gone ahead why submit something completely different that is not in-keeping with the rest of the road. |
