Comments Details

Commenter Type:	Member of the Public
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	I am the daughter of Mrs Kitty Edwards of 7 Beaulieu Court who is too ill to respond to your letter dated 13th June 2024 regarding the Ferris Wheel. The wheel structure appeared overnight on Friday the 14th of June. Your letter arrived yesterday June 19th. Prior to this there

was no formal application consultation or indeed warning.
The size and nature of the wheel is alarming and distressing to my mother who spends her days bedbound at the window of the flat. As I currently live with her, caring for her full-time, I can vouch for the disastrous impact it will have on her well-being. It will tower over her, obstructing her view, lit by numerous glaring bulbs into the darkness hours, allowing the public to intrude on her privacy for much of the time.
The additional footfall and noise created by a Ferris Wheel of this magnitude is not suitable so close to residential property. The Council has shown disregard for residents in both the lack of consultation and the significantly larger size of the structure that it is considering.
The charm and attraction of Worthing lies in its human scale, approachable, safe waters and relative tranquility compared to the nearby city of Brighton. Previous wheels were neither wanted nor a financial success. The imposition of them on the town and the proximity to flats appears to signify unreasoned decision- making.
Please take into careful consideration these comments.
Yours faithfully,
Mahalia Almaz (7 Beaulieu Court, BN11 3QZ)

Kind regards
