DESIGN STATEMENT - PROPOSED WET WEATHER GAZEBO

LANCING LEISURE CENTRE

1/GENERAL APPROACH.

The design has been carefully considered to avoid the appearance of a simple " shed". The octagonal plan shape and pitched roof will provide a pleasing appearance from all viewpoints.

PLANNING DIVISION
PLAN No. Asdo2449109
DATE 06 JUL 2009

2/MATERIALS.

The materials will be natural oak, stained softwood and for the roof natural cedar shingles

3/LOCATION.

The gazebo is located within the paved area of the petanque terrain to provide easy access from the footpath and a view of the playing surface.

4/ ACCESS.

No alteration to the existing vehicle or pedestrian access is proposed.
