SCHEDULE

Reasons for Refusal

01. The proposal is unacceptable in that the size, form and position of the proposed front dormers, do not relate sympathetically to the appearance, design or scale of the existing bungalow. The development would detract from the character of the existing bungalow constituting a visually dominant and inappropriate form of development. The works would be detrimental to the streetscene and make it difficult, if permitted, for the Local Planning Authority to prevent similar additions to other dwellings, the cumulative effect of which would detract seriously from the area. The proposal is therefore contrary to saved policy AH7 of the Adur District Local Plan and the NPPF.

Informatives / Notes to Applicant

01. The Local Planning Authority has acted positively and proactively in determining this application by identifying matters of concern with the proposal and discussing those with the Applicant. Unfortunately, it has not been possible to resolve those matters within the timescale allocated for the determination of this planning application. However, the Local Planning Authority has clearly set out, within its report, the steps necessary to remedy the harm identified within the reasons for refusal - which may lead to the submission of a more acceptable proposal in the future. The Local Planning Authority is willing to provide pre-application advice in respect of any future application for a revised development.
