Dear Mr Omar,

Thankyou for your time and kind hospitality during my recent visit.

As discussed, please find enclosed your quotation which includes your fensa certificate, a ten year company guarantee and a ten year insurance backed guarantee. (please be aware that one in ten of installations are inspected by a fensa approved officer).

Your quotation also includes removal & disposal of existing frames, removal of all rubbish and all making good to the installation area.

We manufacture all of our double glazing in our local factory premises using the Rehau 706 profile, which is the largest Rehau profile with added reinforcements designed to provide rigidity and strength, and to allow the highest performance locking mechanisms to be fitted.

Founded in Germany in 1948, Rehau were one of the first companies to produce and sell upvc window systems in the uk. With Rehau's unbeatable selection of windows, doors and conservatories attention to detail is key.

Windows manufactured from Rehau systems can proudly display the Energy Saving Recommended logo because they meet the highest A -C ratings and when installed with the appropriate glazing unit, also comply with the latest building regulations and score highly on the energy assessment needed should you wish to sell your home.

As well as meeting Energy Saving standards, Rehau's main UK systems have been tested in accordance with, and meet the highest requirments of BS 7412 for the standard of a manufactured window, including BS 6375 for weather performance. They are kitemarked to BS EN12608 for extrusion standards, which incorporates BS EN ISO 9001 for company procedures. And of course they comply with the necessary building regulations.

Rehau window and door systems can radically reduce outdoor noise levels, and by choosing Rehau you can be rest assured that you are choosing an environmentally friendly solution.
Rehau are confident on their frames not discolouring that they hold a twenty five year guarantee on this.

I hope this meets with your satisfaction. If you have any queries or need any further information please do not hesitate to give me a call at our office premises. Should I not be available my office staff will be more than happy to help.

King Regards
For LANCING DOUBLE GLAZING
