Comments Details

Commenter Type:	Neighbour
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	- Design - Other - Overdevelopment - Privacy Light and Noise
Comments:	Only words as no plans to see what, if any effect it will have on residents. The continual alterations by the site builders and planners with no authority or support to any objections that the residents put forward by Worthing Planning and its planning

committee.
Without any control over the site, we have to endure unnecessary violations of our residential lives.
We all know that the builders have a free hand to do whatever they want as there is not an affordable objection that can and will be placed or raised by our council due to financial restraints.

Kind regards
