Good Afternoon Marie,

I'd like to apologise for the delay in response.

In regards to the application made under reference AWDM/0873/23, a noise assessment (ref:J3742, date:06/11/23) was submitted in support. I am satisfied that the monitoring undertaken and the subsequent mitigation measures outlined in Section 6 of the prior mentioned report are suitable in ensuring that the proposed development will be compliant in regards to the noise levels within the habitable areas.

Please note that as the lounge is southface, passive ventilation will not create sufficient air flow within the property, therefore I would recommend the use of mechanical ventilation as per section 6.2 of the attached report.

Kind Regards
