Address:	114 Findon Road, Worthing, West Sussex BN14 0AT

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Overdevelopment - Privacy Light and Noise
Comments:	We are quite surprised that the original development was given approval, despite so much objection from the surrounding neighbours. We are concerned that the residents of 9 Allendale have already addressed that there might be potential noise issues, this suggests to us that they are expecting an increase in noise, the existing cattery has caused distress to our pet who has been living in our garden long before the cattery was built, this

was confirmed by a local vet. The proposed expansion of the business is closer to our border and any extra noise from this will impact our pets life. We also don't want to be unable to use our back garden because of noise and smells coming from the cattery. We chose to live here because it was a quiet residential area, a nice area for our children to grow up in, it is not an area for businesses to be developed.

Kind regards
