Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make

Hello,

To add a toilet in the store room
To add a sink in the store room
To change the external layer from render to fire rated cement cladding
To slightly change the size of the proposed building

Please state why you wish to make this amendment

The cement cladding would replace the render outside as its lighter and still non-combustible material.
The sink and the toilet are going to be very useful while using the office/Gym d. we don't have the budget now to complete it but we would like to add it so in the future if we manage to get the budget then we will not have to go back and do a new application.
The size needed to be increased in 13 cm . The reason is the need to add firrings/GRP on the roof. we want to avoid making the ceiling lower because of the gym equipment's.
