Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Overdevelopment - Privacy Light and Noise
Comments:	As per my email I am concerned about the further loss of light to my garden. We have already lost light due to the extension over the garage and this will mean limited light for at least 6 months of the year. The extension is an over-development that is inappropriate for the property.

I already know from previous experience that these builders underestimate the time it takes to complete work and I am concerned about the noise and effect on privacy. Much of the work last time involved them being able to see into my garden when I was using it with my children. Please be aware they will not be allowed access to my property at all.

Kind regards
