Project Rules Regarding Deliveries

All deliveries should approach site from the A259 Brighton Road. From a Westerly direction vehicles will turn right into Eastern Av and then left into Ham Road. Vehicles approaching from the East will turn left into Eastern Av and again left into Ham Road.
Arrivals to site must be from Ham Road into Surry St and turn right into site. On leaving site, you will only be permitted to turn left into Surry St and right back into Ham road and back via the A259.

Vehicles will also require a banksman when using Surry Street

All gate 2 delivery vehicles must reverse in & drive out, under STRICT direction of the traffic team. NO EXCEPTIONS.

All reversing commercial vehicles must have an audible warning device, if not available a banksman must oversee all vehicle movements.

All deliveries to contact the head TM a minimum of 30 mins prior to arrival. (Site manager 07747 776751)

No Parking across the project entrance, park in agreed locations as determined by Project plan. HOLDING LOCATION: A27 Old Shoreham Road Layby Services as shown on following pages.

All deliveries that do not keep to the Traffic Management Plan will be turned away with no abortive costs to Real.

Deliveries will only be accepted between the hours of 7:30am and 4:30pm Mon-Fri and 8am and 12.30pm Saturdays

(subject to agreement with Real management).

Project Speed Limit 5mph.

All Pedestrians to enter through gate 1 and must keep within the pedestrian walkways shown on the Project Layout Plan and report to the site office

All drivers must report to the Gate 1 or to the gateman and must call ahead.

All service providers are to report to the site office upon arrival for a site induction.

All vehicles movements within the construction area must be under the guidance of a banksman at all times.

All drivers must wear PPE while on Project this includes safety helmet, hi-vis clothing, gloves and boots plus other PPE as directed by the RAMS for the activities being carried out.

Dependant on site conditions and when applicable all vehicles when leaving site must ensure their vehicle wheels have been cleaned using the on site wheel washing facility.

Delivery of heavy, awkward loads or fuel must have an agreed Risk Assessment Method Statement signed by Operational Management or the delivery may be rejected.

Any accidents or incidents must be reported to the site management immediately, with relevant details entered into the accident book kept on site.

No visitor car parking is available on Project.

All vehicles must be parked off the road for unloading. No blocking the highway. There is no off road parking on site, one in one out basis on gate 1. Call Ahead! Correct documentation for vehicles with Hiab, including thorough examination certificates and driver competency to operate the machinery.

All vehicles to have a Safe System of Work to prevent falls from vehicles.

ALL DRIVERS MUST HAVE RECEIVED A COPY OF THIS TMP BEFORE ARRIVAL TO THE PROJECT
