DATE OF SITE VISIT:	n/a
RECOMMENDATION:	No Objection

From: Debbie Farrell Date: Fri, 27 Jun 2025 at 13:20 Subject: RE: AWDM/0579/25 - 34 Marine Crescent, Worthing, BN12 4JF To: Amanda Haslett

Hi Amanda

Having reviewed the correspondence with the WSCC Highway Steward, the Highway Authority would not wish to raise an objection to the proposal of widening the access to 6.4m. However the pier and wall height should not exceed 0.6m within the pedestrian visibility splays to allow for small children to been seen by exiting vehicles. In addition the splays should be drawn from the edge of the access (ie the 90 degree angle of the 'triangle' should be at the edge of the access). However, as the existing driveway is on the property boundary it is not possible to achieve this on the western side nor is it reasonable to request the driveway to be moved to the east by 2m.

Please ensure the western pier (on the neighbours boundary does not exceed 0.6m, and the wall and pier heights are kept below 0.6m for 2m to the east of the eastern edge of the access. Apologies for the delay. Kind regards Debbie
