In relation to the rear extension to No 1 Mill Hill Gardens, Shoreham by Sea, West Sussex, BN43 5TN, we have no objections whatsoever for the extension extending 3.8m - 4m from the rear of the property and for the side wall to be built astride the boundary as a party wall. We are planning disabled adaptions to our property and we wish to use the new party wall and the depth of extension will enable us to have adequate amount of lowered kitchen units suitable for a wheelchair access as well as giving the amount of space required to access our rear garden, due to the height of the drop from the back door.

As this application only affects us and Mr & Mrs Taylor we would appreciate the council allowing the extension to go out further than 3.5m as this will only give 3.2m internal space making our adaptations in the future harder.

Yours sincerely
