WORTHING BOROUGH COUNCIL, under the above Act and Order, gives you notice that its decision upon your application described above and in Drawing No. 08/498/01/B, which accompanied the application, or as subsequently amended prior to consideration, is to

GRANT PERMISSION subject to the following conditions:-

1. The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

   Reason: To comply with Section 51 of the Planning and Compulsory Purchase Act 2004.

2. The facing and roofing materials shall match as closely as possible in type, colour and texture those on the existing building.

   Reason: In the interests of visual amenity

Dated : 9th March 2009

Executive Head of Planning,
Regeneration and Wellbeing

Note: Your attention is drawn to the notes and information overleaf.

3. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 1995 (or as subsequently amended), no windows or other openings (other than those shown on the plans hereby approved) shall be formed in the north or south elevations of the proposed dwelling without the prior permission of the Local Planning Authority in an application on that behalf.

   Reason: To protect the amenities and privacy of the occupiers of adjoining properties.

4. If during development, any visible contaminated or odorous material, (for example asbestos containing material, stained soil, petrol/diesel/solvent odour, underground tanks or associated pipework) not previously identified, is found to be present at the site, then no further development (unless otherwise agreed in writing with the Local Planning Authority) shall be carried out until it has been investigated by the developer. The Local Planning Authority must be informed immediately of the nature and degree of the contamination present and a method statement detailing how the unsuspected contamination shall be dealt with must be prepared and submitted to the Local Planning Authority for approval in writing before being implemented.

   Reason: To ensure that contamination is properly remediated in the interests of public safety and environmental protection.

INFORMATIVE
