Dear Sir or Madam,

In reply to your letter of the 4th March, 2014 regarding the increase size of existing front and rear dormers at 4 MILL HILL, SHOREHAM-BY-SEA, W.SUSSEX, BN43 5TH, I am extremely concerned by this application as the rear windows will be totally overlooking my back garden, where I spend a lot of my time, & will destroy my privacy.

In any case the land next door is well above my garden as it begins to rise up Mill Hill onto the Downs. This will make the dormer windows even higher making my garden in plain and full view all over.

I am an elderly lady, live alone, and derive a great deal of pleasure from my gardens and my daily leisure time.

I am therefore not at all happy about this situation and wish to register my protest most strongly.

Yours faithfully,

[redacted]

(MRS) B. FLOWERS
