Comments: I cant see any problem with parking as suggested, I have taken photos for the last 2 weeks every evening between the hours of 6 to 8 there's been no cars parked anywhere near the corner. I'm just trying to build an affordable house for some one to live in as there is a housing shortage and to fit in nicely with the area. Otherwise I will be building under permitted development a big garage, bigger than the house planned for like the nice one backing onto valley road from the house in Mountview. I do not need planning for a driveway so would put in a double drive instead of a single. Many thanks.
