Design & Access Statement for ATM Installation
E017560 ATM Cashzone – Co-operative food

Co-operative food Ham Road Shoreham by Sea BN43 6PA

Introduction

This Design and Access Statement has been prepared on behalf of Cardtronics Cashzone in support of an application submitted for the installation of an Automated Teller Machine and non illuminated signage.

The initial purpose of the proposal is to provide 24 hour banking facilities for customers using Co-operative food Ham Road Shoreham by Sea.

As this installation is for an ATM within the existing external façade, some aspects such as “layout” and “Access” are of limited applicability.

Environmental Sustainability
The A.T.M is a steel Wincor Procash 2050 design with a green acrylic ATM fascia top sign with white non illuminated lettering. ”cashzone” and accepted card logos. The proposed ATM is to be installed as a through glass installation to the third window to the right of the entrance doors. A receipt bin is to be provided to the left hand brickwork.

Movement to, from and within the development
Promoting sustainable means of travel.
There is a customer car park to the left of the store.

Bus service requirements is not applicable to the installation of an ATM

Character
The site is a Co-operative food Store. The proposed ATM will provide direct and unobstructed access and is to be installed as a through glass installation.

Design Principals and Concepts
The ATM is of a standard design as located in many areas throughout the UK and is accepted as a necessary facility. There are a number of mandatory standards which apply relating to the position of the ATM, it’s visibility, ambient lighting, building structure, security features, ATM anchoring and ATM safe security and strength.

Scale and Dimensions
The dimensions of the installation are:-
ATM fascia and signage is to be set at a height of 900mm from the pavement level to the underside of the ATM fascia.

Fascia Height 1003mm. Width 635mm.
The display screen is carefully shielded from ambient lighting to prevent glare and reflection, ensuring a clear and sharp image is visual by both standing and seated users.

Co-operative food Ham Road Shoreham on Sea is not believed to be within a Conservation Area or is a Listed Building.

Layout
The ATM will be installed at a suitable height in order that the cash dispenser can be easily accessed, in accordance with DDA regulations.

Landscaping
Due to the nature of the proposal, we feel the application will not benefit from any landscaping.

Appearance
The proposed ATM is a standard Wincor Procash 2050 fascia design.

Access
The proposed A.T.M will have good access for the public. Due to the flat surface to the frontage and its position within the frontage.

The installation has been designed to anticipate and overcome the restriction that would prevent disabled persons from making full use of the service to be provided together with the needs of more vulnerable people from protection of attack and intimidation.

The ATM is to be set at a height that makes it accessible for wheel chair users. Key 5 has raised markings for blind persons to identify the centre key.

There is sufficient area in front of the proposed ATM for easy access clear off pedestrian movement in the pedestrianized shopping precinct.

Community Saftey
Cashzone carry out an end to end solution using Cash in Transit (CIT) and engineering staff, our security managers consider the following for every installation deliveries, parking outside the unit and line of sight of the replenishment for the staff.

Cashzone believe that their standard working practices and the implementation of the above crime prevention measures help to provide a safe and sustainable development.

Conclusion
The proposed ATM will have the principal benefit to the community of providing cash on demand to the customers of the Co-operative food Ham Road Shoreham on Sea.
