Dear sir/madam

Proposed Overhill site development, Southwick

With reference to the above proposal, I wish to place on record my objection as a resident living on Downsway. There are already 3 new developments in Southwick-Shoreham area leading to a large increase in local population. In addition, local school and hospital facilities will be put under further pressure by the additional population.

I am sure there are other better locations for the proposed development which are less crowded.

I trust that my appeal will be considered along those of other residents in the area.

Yours sincerely

[redacted]

Mrs Jessica Habibi
