Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Privacy Light and Noise
Comments:	I would like to object to this development. The garages are right in the middle of a residential area. Our back fences face the garages. I have had terrible problems in the past where tenants using the garages have driven their lorries into my fence and have not owned up. On the one occasion when I caught a tenant driving his lorry into my fence I had gravel kicked at me. I foresee absolute mayhem in an otherwise quiet area. Noise and pollution from lorries coming and going and I am sure there will be another collision with my fence. I often work in my garden let's hope I don't get injured when a lorry backs into my garden. Thank you

Kind regards
