Dear Sir

Demolition of existing conservatory and construction of two-storey rear extension at

11 Roman Crescent Southwick West Sussex

I wish to object to the application for the following reasons:

Number 11 Roman Crescent is a large 4 bedroom house part of which is built right up to the boundary of No 13.

No 13 is a two bedroom chalet bungalow which is already dominated by No 11 and a second two storey rear extension to No 11 would be a significant overdevelopment of the site.

The proposed extension would greatly reduce the daylight to both the west section of the front bay of No 13 and the adjoining casement. Whereas at present there is daylight and a view from the windows at No 13 above the existing conservatory at No 11, the proposal would replace these views with a blank wall to 2 storey level.

The proposed 2 storey extension would be close to the boundary wall and would be difficult to construct and subsequently maintain.

Yours faithfully

[redacted]

Richard E Woolgar
