| Stance: | Customer objects to the Planning Application |
| Reasons for comment: | - Highway Access and Parking<br>- Loss of General Amenity<br>- Privacy Light and Noise |
| Comments: | Apart from the previous reasons given re dirt, noise and general disruption of a building project such as this, with the problem of parking of contractor's vehicles leaving no room for residents, I also feel that Abbey Road has enough extra buildings, the idea of knocking down a garage and using the driveway, which give 2 parking spaces for the 3 bedroomed bungalow already in situ, to |

build another dwelling and a cross over big enough for 3 vehicles, means that most of that side of Abbey Road will be broken up and residents will be unable to park there.
I do realise that other parts of Abbey Road have had an extra building built, but they have been large plots and have not affected the character of the road.
As residents who would be directly affected I object to this development.
