Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This extension/dorms will be directly in front of my kitchen/bedroom window blocking my view and sunlight. . All our back gardens are incredibly close together so we do not want to be looking at the side of a roof extension. Where will the roof lights be ? Will this let be shining into our gardens ? Also will there be a window to the side roof extension if so I object to that as will be looking into my garden. Are there plans to look at rather than just a description ?

Kind regards
