Hi Peter,

I confirm that there are no adverse comments from the Private Sector Housing team on this application.

The proposed increase in occupancy from 6 to 7 occupants was discussed with the applicant during the conversion works, and appropriate consideration was given to the provision of kitchen facilities, which are adequate, and washing facilities, which are more than adequate.

The properties are refurbished and provisioned to a higher standard than we can require and the applicant has fully co-operated with any works that have been specified.

Kind regards,

James Elliott
