Comments:	I am commenting in support of this application in my role as the lead officer responsible for disabled facility grant funding at Adur & Worthing Councils. The extension proposed is considered by ourselves and West Sussex County Council Occupational Therapy to be the most suitable adaptation to the home to accommodate the health based needs of one of the current residents. The accessible enhancements will enable the home to provide a much better quality of life for those who need to have ground floor accommodation. This will be a benefit to the current residents and equally those who occupy the home in the future. Our grant funding will provide a modest proportion of the funding.
