Dear Sirs

Ref: Application for listed building consent for alterations to: 1 Old Swan Cottages,
Church Street, Shoreham-by-Sea, West Sussex BN43 5DT

Please find enclosed application forms for the above building which is owned by Mr Michael Pierson who is a patient of mine in the Falls Clinic at Worthing Day Hospital.

Mr Pierson is 90 years of age and lives alone in the above-named property. He has had falls and his mobility is deteriorating. The property is on three floors and at present he still wishes to access all of these in order to carry out his activities of daily living independently. Our main concerns are his physical abilities on the staircases where he currently has limited support from rails. Our Community Equipment Service would be able to install additional stair rails to the right side ascending each staircase where the wall structure is deemed appropriate. This request will not be submitted until we have had consent from your authority to go ahead in this Grade II listed building.

I would be most grateful if you could deal with his request as a matter of **urgency** due to this gentleman's very poor mobility and risk of further falls.

Please do not hesitate to contact me if I can be of any further assistance.

Yours faithfully

[redacted] ALYONS.
