Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Privacy Light and Noise
Comments:	I am commenting on behalf of my 84 year old mother who resides in Beaulieu Court. The erection of a Ferris Wheel in front of the block will be extremely invasive, negatively impacting the residents. The proposal to increase the height of the wheel to 44

metres will result in a significant loss of privacy and natural light to the flats. In addition, there will be an increase in noise pollution. The Ferris Wheel will result in members of the public gazing directly into my mother's home, throughout the day and well into the night. My mother is extremely distressed at the prospect of this.

Kind regards
