Reasons for comment: - Privacy Light and Noise

Comments: This terrace is too big and Too high it overlooks many other properties thus taking away people's privacy .people using this terrace can see into every garden and some houses all the way round cromlieghway and half way down downsway . During the day their dog is left to bark all day on it because it can see everything that moves in the park at the end of the terrace.the actual design is good but it's just too close to other properties to be this high and this big it dominates the whole area.
