Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	- Design
Comments:	We're writing in support of Number 7's planning application. We're delighted to see investment in the street, and we believe the proposed plans are thoughtfully designed in a way that both retains and enhances the character of the area, while also improving the overall street scene. It's clear to us that real effort has been made in the designs to be considerate to neighbours. We believe the proposed works would be a welcome improvement, and we'd be very happy to see these plans approved.
