Acoustic Ratings for Glazing at 144 Albion St, Southwick, Brighton BN42 4AU

To: Georgia Hardwick

Hi Georgia,

Further to our call yesterday, the Acoustic Glazing upgrade as mentioned on our quote, would achieve a Acoustic Insulation Coefficient, **Rw [dB] of 40**. The make up of this glazing would be as follows; **"6,4 (VSG 33.1) Acoustic/16/6T"**. The Exact spec of the glass is attached.

6,4 (VSG 33.1) Acoustic/16/6T	Argon	40	-2	-6	38	34	25	26	37	49	47	58

We're keen on supporting your project, so let me know if you have any more questions or concerns.

Kind Regards,
Harry
