Development: Extend vehicle access

Planning Application No: AWDM/0242/19

Highways England Ref: HAMIS 84505

Dear Ms O'Keeffe

Thank you for your consultation of 24 April 2019 regarding the application referenced above.

Highways England has been appointed by the Secretary of State for Transport as strategic highway company under the provisions of the Infrastructure Act 2015 and is the highway authority, traffic authority and street authority for the strategic road network. The strategic road network is a critical national asset and as such Highways England works to ensure that it operates and is managed in the public interest, both in respect of current activities and needs as well as in providing effective stewardship of its long-term operation and integrity. Highways England will be concerned with proposals that have the potential to impact on the safe and efficient operation of the strategic road network.

We do not have any comments on this application to extend the vehicle access as the A259 Brighton Road in Shoreham-by-Sea is not part of the strategic road network.

Kind regards,

Elizabeth Cleaver, Assistant Spatial Planning Manager
