Date 21st June 2016

Dear Sir,
Proposed Construction of Outbuilding at 89 Old Fort Road

Thank you for your letter of 7th June 2016 advising us of the amended plans for the above construction proposed to be erected at the back of our property.

The amendments, while a token gesture, still do not alleviate our concerns regarding the possible future noisy usage of such a large extension to the residents accommodation so near to our house, 10 metres away.

We would therefore ask you to uphold Ref. 7 of the original consent granted for the bungalow two years ago as, at over 80 cu.m., this proposed building would far exceed permitted development.

Yours faithfully,

[redacted]

Sheila & Brian Hendry
